

If Alan Turing kept a diary, it has never been found nor has it been shared with anyone. Imagine you found it, what he might have written on different occasions...

MARCH 1940 - Alan's Bombe machine has just been installed at Bletchley Park. Hundreds more will now be made and they will all help to hasten the end of the war and save many lives.

MARCH 1952 - Alan has been arrested for being gay and is faced with the choice of prison or a medical treatment designed to try and stop his romantic feelings.

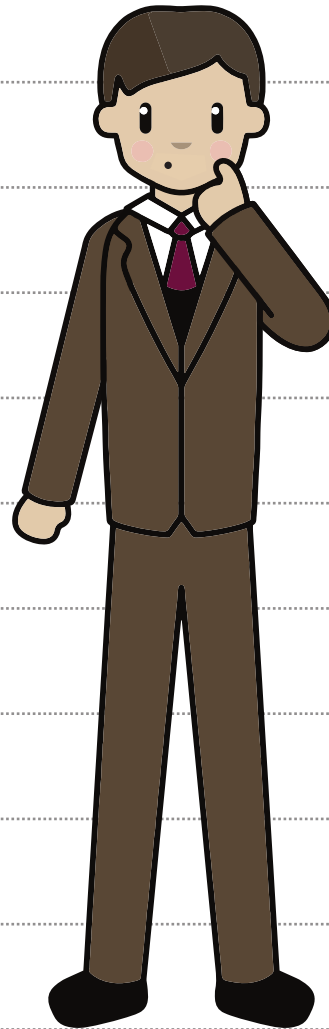

A series of horizontal dotted lines for writing diary entries, spanning the width of the page below the text boxes and the man illustration.
